

2022 GARDEN CENTER

HANEY'S

HOME • FARM • GARDEN

ANNUALS

Ageratum

Aloha Blue - Dwarf, early flowering Aloha Blue is best suited in packs and 4" pots. Excellent in the garden. Fluffy blue flowers. Height 5-8", Spread 8-12".

Alyssum

Clear Crystal - A tetraploid alyssum series, vigorous and large-flowered. Very showy, exhibits more heat tolerance than regular Alyssum. Height 6-10", garden spread 12-14".

- **Lavender Shades**
- **Purple Shades**

Argyranthemum

"Daisy - Marguerite"

Popular daisy-type flower on bushy plants. With a more "upright" habit, these plants do better in pots and tubs rather than hanging baskets. Height is 12-14" with 1-1/4" blooms. Propagation Prohibited.

Sunny Spring - Beautiful single, yellow flowers on upright/bushy foliage. Blooms early spring until late fall. Great for larger pots and containers. Propagation prohibited.

Argyranthemum - Hybrid

Grandaisy - in an intergenetic cross, bringing argyranthemum to a whole new level. Vigorous and heat tolerant, its huge flowers can be enjoyed all summer in most regions. Large, mounded form is literally covered in blooms. Height 18-24". Propagation prohibited.

- **Dark Pink** - dark pink with yellow ring.
- **White** - white

Bacopa - Sutura

Lovely cascading habit, excellent for hanging baskets, planters, and accents. Beautiful for "bridal" baskets. Good in 4-10" pots. Height 6-8". Propagation prohibited.

Scopia - "Gullivers" have flowers over 1" in diameter.

- **Gulliver Compact White** - extra large, white blooms on compact habit. Excellent for 4" production. Mounded, early.
- **Gulliver Blue** - mid-blue, extra large blooms, semi-trailing, medium vigor.

Begonia - Tuberous

Nonstop - Free-flowering series reaches 8-10" in height. Bears masses of double and semi-double flowers 3-1/2 - 4-1/2" across. Blooms continuously despite warm temperatures. Excellent for pots, baskets, window boxes, and planters.

- **Fire** - yellow/orange center w/dark orange/red picotee.
- **Pink** - pale to deeper pinks.
- **Red**
- **NEW Rose Picotee** - white with deep rose picotee.
- **White** - pure white with a yellow center.

Nonstop Mocca - Early and uniform bronze-leaved series. Numerous, large, fully-double flowers. Mounding habit and early lateral branching.

- **Deep Orange**
- **Mix**

Begonia - hiemalis

Solenia - Thrives in high light and humidity in all but the hottest climates. Outstanding flower displays in both sun and shade. Need long days to bloom; will flower all summer. Sizes up to approx 12" height by 18" spread. Propagation prohibited.

- **Dark Pink**
- **Scarlet**
- **Yellow**

"Special collection" - Extremely showy outdoor begonias, suitable for full sun, with prolific medium to large blooms. Compact, mounded habit make these ideal for pots, hanging baskets, mixed containers, and mass planting. Showstopping flower power, incredible heat tolerance. Height 8-12". Propagation prohibited.

- **Vermillion Hot Pink** - Beautiful bright pink medium sized blooms with the same intense flowering as Vermillion Red!

Calibrachoa

Features cascades of tiny petunia-type flowers which cover this low trailing plant. Mounded habit trails well in pots, hanging baskets, planters, and combinations. Vigorous grower. Blooms all summer. Once established, feed well. Propagation prohibited on all.

Calibasket - Perfect for basket production exhibiting more vigor than Calitastic, but more controlled habit than Celebration. Height 12-14" with spread of 12-20". Propagation prohibited.

- **Pink Doll** - formerly Celebration Pink Doll. Pink with deep rose ring.

Calitastic - compact, incredibly uniform series from the breeders of Celebration. Very early flowering, all will bloom at 11 hours critical daylength. Perfect for 4", 6" or compact hangers. Height 8-9". Spread 9-14".

- **Fancy Fuchsia**
- **Ice Blue**
- **Red Lips**
- **White**

Chameleon - A special series with flowers that continually change throughout the season, responding to light levels, day-length, and other environmental factors. Very vigorous series with outstanding garden performance and season-long durability. Height 9-12" with spread of 12-16".

- **Atomic Orange** - shades of orange, melon and yellow.

Colibri - From the breeders of Noa, Colibri is a compact series with large, early flowers on mounded plants. Ideal for pots, compact baskets, and mixed containers.

- **Cherry Lace** - bicolor cherry and white flowers with a lacy pattern
- **Orange** - flaming orange

Eyeconic Purple - Light blue rims and dark blue centers. An outstanding plant with an aggressive growing habit making it ideal for large containers or baskets. Large flowers with a semi-trailing habit, very showy. Will flower under 10-hour day-length

Hula - Previously Lindura Loops. Large, dark-eyed flowers on medium vigor plants work well in standalone baskets or combos. All colors are day length neutral. Height 6-12". Spread 12-15".

- **Gold Medal** - bright golden yellow with a dark orange eye.
- **Hot Pink**
- **NEW Red**

Lia - new generation of breeding from Danziger, this series is a great choice for compact hanging baskets. This semi-trailing calibrachoa has large flowers that will bloom under short days. Great garden performance and flower power with tight internodes. Great in containers or combos. Height 6-12". Spread 12-15".

- **Bubblegum** - pink

Noa - Especially suited for early spring flowering as they will bloom well even in 10 hour days. Flowers open earlier in the morning. Trailing habit. The result of third generation breeding of Calimor Series, providing more uniform, compact growth.

- **Blue Legend** - blue, early flowering, vigorous, trailing.
- **Dark Pink Carnival** - rich pink with bright white eye makes the large blooms really "jump", early flowering, semi-trailing, compact.
- **Yellow** - striking, deep yellow flowers. Semi-trailing medium habit.

Celosia

Kimono Mix - contains 8 colors - Cherry Red, Cream, Orange, Red, Rose, Salmon Pink, Scarlet and Yellow. These very dwarf 5-6" plants have 2-1/2" plumes. Superb heat tolerance.

New Look - large red plumes on bronzy-red foliage.

Dahlia

Hypnotica - Large flowers, vigorous, uniform habit and good branching are all characteristics of this line. Heat tolerant and excellent for 6" or larger pot production. Height 18-24". Propagation prohibited.

- **Icarus** - irregular, flaming red-orange shades.
- **Red** - medium, vigorous.
- **Rose Bicolor** - pink & yellow bicolor, medium, vigorous.
- **Yellow** - early to medium flowering, medium to strong vigor.

LaBella Medio Fun - A compact sub-series of the Labellas. Best suited for 4-6" pot production. These easy-care showstoppers work well in containers, beds and borders. Height 8-10". Propagation prohibited.

- **Pink Blush** - dark pink tipped with light pink.

Novation - Novation Dahlias are replacing the Dahlinovas with upgraded uniformity across the series. The well branched plants are early flowering with loads of double flowers. Best in 4-5" pot programs. Height 8-12". Propagation prohibited.

GERANIUM CALLIOPE MEDIUM
ROSE MEGA SPLASH

Geranium - Regal

These wonderful, old-fashioned "Martha Washington" geraniums are making a comeback in popularity, along with improved genetics and refined culture techniques for growers. They have been pre-cooled to initiate flower development. Propagation prohibited.

Elegance - produces a plant 8-10" tall from a single-shoot liner. Single-shoot liners can be grown in a 4-1/2 - 5-1/2" pot.

- **Burgundy** - rich burgundy wine
- **Claret** - deep ruby flowers with green leaves. Habit: medium. Medium bloom time.
- **Purple Majesty** - a majestic lavender and purple bicolor.
- **Red Velvet**
- **Rose Bicolor** - pale rose with magenta splash.
- **Royalty White** - white with rose markings.

Geranium - Zonal

Traditional favorite and a must for your spring finished program. Propagation prohibited.

Chocolate Cherry - Cherry rose with intensely chocolate-covered leaf. Pairs nicely with the fruity colors. Dwarf vigor, suitable for 4" production. Height 6-10", spread 12-18". Propagation prohibited.

Darko - popular for their intense dark leaves, as well as the compact habit. A good fit for pgr-free pot crops. Well structured plants are selected to be round and balanced with several blooms on top at once. Medium earliness. Garden height 10-12" with spread of 12-14". Propagation prohibited.

- **Blue** - lavender-blue
- **Neon Purple** - magenta
- **NEW Salmon**
- **Spanish Wine Burgundy** - deep burgundy with splashes of white. Special color.
- **Spanish Wine Rosé** - deep pink with splashes of white. Special color.

Flower Fairy - Vigorous plants are outstanding for large patio containers and landscapes. Huge flowers with beautiful bicolor petals. Garden height 12-14" with spread of 14-16". Propagation prohibited.

- **Velvet** - magenta with darker purple marking.
- **White Splash** - blush-white with dark pink marking.

Gerbera

Flori Line Maxi - suitable for 4-1/2 - 6" pots. Features very large flowers up to 4-1/2" across with some amazing color choices. Height 10-14".

- **Coral Light Eye** - summery coral
- **Pink Black Center** - beautiful deep pink/dark eye.

Jaguar - Plants are short with thick flower stems making them great for 4-1/2 - 5" pots. Height of 8-10" in a pot, 10-12" in the garden. Displays up to 5 blooms per plant at one time for real color impact.

- **Red Light Eye**
- **Tangerine Light Eye**
- **Yellow Light Eye**

Revolution - Very early flowering and bred to present 3 blooms at the same time for high color impact. Use of pgr is not recommended. Height 12-16". Spread 5-6".

- **Bicolor Red White** - red with a white ring
- **Bicolor Yellow Orange** - brilliant shades of yellow and orange. Pattern varies - some rings around the eye are large, some are smaller, and some flowers have almost a deep red ring around the eye.
- **Mix Select** - uniform mix of 10 colors.

Royal Prince Neon Violet - Shimmering violet with a dark eye. The Royal gerberas are noted for their "spiral staircase" flowering habit, buds and blooms forming a spiral of continued color. Ideal for 4" production. Height approx 10" tall.

LANTANA HEARTLAND
SUNRISE

Lantana

Bright, cheery blooms show a striking contrast to the dark green foliage. Excellent for the summer heat. Allow to dry down between waterings, but not dry out. Also tolerates wind, drought, and salt, making it a good choice for coastal gardens.

Heartland - This new breeding comes from the Havana series, but with 30% more vigor, giving them a stunning landscape presence. They have the same large umbels and dark, glossy foliage as the Havanas. Continuous flowering all summer due to low seed set. Height 15-18". Spread 20-24". Propagation prohibited.

- **NEW Neon**
- **NEW Red**
- **NEW Sunrise**

LOBELIA REGATTA
MIDNIGHT BLUE

LOBELIA REGATTA ROSE

LOBELIA REGATTA WHITE

Lobelia

Regatta - A trailing variety, great for hanging baskets; uniform. Do not allow to dry out.

- **Midnight Blue** - dark blue flowers with bronze foliage.
- **Rose** - magenta pink with white eye.
- **White** - pure white

Riviera - Dwarf, upright lobelia stands only 3" tall. Earlier to flower than any other series.

- **Blue Eye** - blue with white eye.
- **Marine Blue** - mid-blue; green foliage.

These Lobelias offer large flowers and more heat tolerance than standard seed types. Lovely cascading habit. Excellent for hanging baskets, mixed containers, and beds. A cooling period of 6 weeks at 40-45°F promotes flowering. Pinch at least twice. Propagation prohibited.

Hot Blue - Blue with white eye. Very heat tolerant with large blooms and weather-resistant foliage.

Hot - Very heat tolerant with large blooms and weather-resistant foliage.

Lobularia

Stream - A fast-growing, heat tolerant "alyssum", grows all summer long into a floriferous, ball-shaped plant. Its naturally compact habit keeps it tidy and manageable in hanging baskets, mixed containers, or window boxes. Wonderfully fragrant. Will grow up to 20" diameter over a summer season. Propagation prohibited.

- **Purple** - purple flowers, medium to vigorous growth.
- **Raspberry** - rich, rose color, medium habit.
- **White** - very large white blooms, medium growth habit. Easier to work into mixed containers because of its medium growth habit.

Marigolds - African

Inca II - 7-10 days earlier, Inca II has stronger bloom stems and more compact habit. 12-14" garden height. 3 - 3-1/2" fully double blooms.

- **Deep Orange** - rich orange.
- **Yellow** - brilliant yellow.

Taishan - Compact, sturdy plants with strong necks to keep flowers upright. Height 10-12". Large, fully-petaled blooms with no empty centers. Featured at the 2008 Olympic Games in Beijing.

- **Orange**
- **Yellow**

Marigolds - French

Bonanza - Double-crested, 2 - 2-1/2" blooms show early, and perform under a wide range of conditions. Height 10-12".

- **Deep Orange**
- **Flame** - dark mahogany with orange edging
- **NEW Harmony** - bronze red w/gold center
- **Yellow**
- **Mix**

NEW Durango Mix - Large 2 - 2-1/2" anemone-type flowers on sturdy stems. Early and free-flowering, Durango plants have a uniform height of 10-12" with good branching.

Super Hero - Replacing the Hero series, Super Hero is earlier to flower and more uniform across the series. Stable flower patterns, French-crested form. Height 9".

- **Harmony**
- **Mix Maxi**

Nasturtium

A versatile, beautiful annual that is also edible. Both leaves and flowers may be ingested, offering a peppery or mustardy flavor, often used in salads. Excellent in baskets and containers as well as garden plantings. Encouraging bees, butterflies and ladybugs while repelling white flies and black flies, nasturtiums are a desirable companion plant in many gardens.

Alaska Mix - Lovely marbled leaves with red, orange, and yellow blooms. Height 10-12".

Jewel Mix - Semi-double blooms in red, pink, orange, and yellow. Height 12".

Nemesia

These delicate-looking, upright plants with mini-snapdragon shaped flowers are perfect for mixed baskets and borders; compact. Propagation prohibited.

Essential - Large fragrant flowers in bold colors. Very heat tolerant. The upright, rounded plants will bloom from early spring to autumn, adding color and sweet smells to your garden. Suited for 4" pots and early season containers and baskets. Height 8-12". Spread 8-12".

- **NEW Blueberry Custard** - bicolor violet/blue and yellow
- **Raspberry Lemonade** - bicolor raspberry and yellow
- **Sugarberry** - bicolor purple and violet tones with yellow eyes.

Gelato - All new breeding from Europe! Perfect for early spring sales, the compact, tidy habit works best for small to medium sized pots, containers or landscapes. Great cold tolerance. Height 12-18". Spread 12-18". Propagation prohibited.

- **NEW Almond**
- **NEW Candy Pink**
- **NEW Passion**
- **NEW Pineapple**
- **NEW Prune**

Pansy

Delta - Delta is a medium-large flowered series with sturdy stems holding the flower upright. Tremendous landscape performance. 2-1/2 - 3" flowers.

- **Pure Rose**
- **Mix Monet** - Lavender Blue Shades, Pink Shades, Pure Rose, Pure Yellow and True Blue.

Delta Premium - Both Delta and Delta Premium are selected in Holland for blooming under low light conditions. An excellent series for early spring production. 2-1/2 - 3" flowers.

- **Blue Blotch**
- **Pure Violet**
- **Pure White**
- **True Blue**
- **White Blotch**
- **Yellow Blotch**

Matrix - Plants have a more robust habit, better branching and less stretch. Large flowers with thick petals and short stems so they won't become floppy. Very uniform in bloom time and habit.

- **Solar Flare** - vivid fire shades with dark blotch
- **Sunrise** - peach, yellow and rose shades with blotch.
- **Mix Blotch** - includes Ocean, Blue Blotch, Purple, Red & Yellow, White Blotch, Yellow Blotch and Sunrise.
- **Mix Citrus** - cheery mixture of White, Yellow, Orange and Primrose.
- **Mix Coastal Sunrise** - includes Ocean, Rose Blotch, Sunrise.
- **Mix Ocean Breeze** - Blue Blotch, Ocean, Blue Frost and White Blotch.

Spring Matrix - Best option for short days and cool growing, approx 1 week earlier than Matrix under these conditions. Height 8".

- **Beaconsfield**
- **Deep Orange** - darker than Matrix Orange.
- **Pink Shades** - a color not available in Matrix.

Petunias

Daddy Sugar - light orchid with deep purple veins. 3-4" flowers. Outstanding performers from the pack to the garden. 8-10" garden height.

Dreams - Free-flowering, tightly branched petunias deliver matched performance across all colors. Weather tolerant plants bloom uniformly with 3-4" flowers. 8-10" tall.

- **Burgundy**
- **Burgundy Picotee**
- **Red Picotee**
- **Rose Morn**
- **Sky Blue** - large, sky blue flowers.

Pretty Flora - uses fewer pgr's for maintaining a compact habit, both in the pack and in the landscape. Garden performance and disease resistance is improved over comparable types, due to better branching that allows more airflow. A multi-flora size, suitable in high density packs up to promo baskets. Height 7-10".

- **Pink**
- **Red**
- **White**
- **Mix Formula**

Pretty Grand - is a grandiflora version of the Pretty series, bred for compact habit with fewer pgr's needed. Better branching and improved airflow give better garden performance than comparable types. Height 6-10".

- **Midnight**
- **Pink Deep**
- **Red**

Petunia - Doubles

First blooms may be single.

Double Madness - These double petunias look spectacular in pots, baskets, beds, and landscape plantings. The compact floriferous plants deliver generous masses of large 3" flowers all summer. Double Madness bounces back within hours of a rainstorm. Later to flower than regular petunias.

- **Burgundy**
- **Rose and White** - more compact and better breached with more blooms.
- **Mix**

Petunias

A spectacularly different, spreading habit makes the spreading petunias excellent for baskets, color bowls and beds where brilliant ground covers are desired. Low growing and very vigorous, spreading up to 4 ft. The plants continues to bloom freely all season without being trimmed back. More botrytis tolerant than most petunias, and stands up well to the heat and humidity of summer in the North or South.

E3 Easy Wave - It's Early, it's Efficient, it's the Evolution of Easy Wave, it's E3! Will bloom earlier than the Easy Waves, needing only 9-10 hours daylength to flower. Can be grown with fewer pgr's than the Easy Waves, (except Blue). An outstanding uniform series with similar vigor and a mounding, spreading habit. Will bloom over a longer period of time from spring to late summer. All colors are cold durable. Recommended for 6-8" pots, 306 premium packs or hanging baskets. Height 6-12". Spread 25-32".

- **NEW Blue** - deep blue, most vigorous in the series.
- **NEW Coral**
- **NEW Pink**
- **NEW Pink Cosmo** - medium pink with deeper pink veins.
- **NEW Red** - deep vibrant red.
- **NEW Sky Blue** - flowers will lighten with age and in high light.
- **NEW White**

PETUNIA PREMIUM E3
EASY WAVE SKY BLUE

PETUNIA PREMIUM E3
EASY WAVE WHITE

Easy Wave - A super performer for small spaces. Plants are more mounded than the "Waves" growing 8-10" tall and spreading out 2-1/2 - 3 ft. Excellent complement to the "Waves" where not so much spread is desirable. Also less need for growth regulators. 2-3" flowers.

- **Burgundy Star** - white star over burgundy. Note: unstable star pattern ranging from mostly burgundy in "lush" conditions to mostly white under stressful conditions.
- **Lavender Sky Blue**

Wave Purple Classic - the original Purple Wave. Low-growing waves spread 3-4 ft making an excellent ground cover, hanging basket, or border for window boxes. good almost anywhere.

Petunias

Amoré - The Amore series is special--each flower is decorated with hearts between the stripes. Nicely selected group with similar habits and bloom times. Much more stable color pattern than we've seen in other series. Give this one a try!

- **King of Hearts**
- **Pink Heart**
- **Purple** - blue and white.
- **Queen of Hearts** - red and yellow.

NEW Capella Hello Yellow - A new class of breeding from Danziger. Controlled growth, perfect for small pots up to hanging baskets. Large bright yellow blooms, mounded habit. Height 10". Spread 12". Propagation prohibited.

Cascadias - Vegetative petunias known for their excellent garden performance. Used extensively for hanging baskets, window boxes, and landscaping, they quickly make an impressive mass planting under full sunlight. From early spring to first frost, they continue to grow and bloom profusely. Feed well for best performance. Tolerate both high temperatures as well as light frost. Propagation prohibited.

- **Indian Summer** - shades of yellow, peach, and orange, early, large blooms.
- **Purple Gem** - blue with white star, early, medium vigor.

Crazytunia - a collection of novelty colors, sure to please. Very unstable color patterns give a great deal of variation on these descriptions. Often the first flower is closer to a solid color. Height 12-14". Spread 18-24". Propagation prohibited.

- **Cosmic Purple** - fluorescent pink and deep purple bicolor, vigorous, large flowered.
- **Mayan Sunset** - Unique iridescent shades of coral, pink or orange, with a yellow throat.

Ray - A beautiful, mounding habit just covers itself in large flowers. All will bloom early in the spring for the start-up of your season.

- **Black** - large, black flower, best black we've seen.
- **Classic Blue** - medium blue.
- **Pistachio Cream** - Unique bicolor cream and green flowers, upright habit, very weather tolerant. Definitely need to try this one in mixed planters.
- **Sunflower** - black with yellow star, medium flower size.

SALVIA VISTA PURPLE

Salvia farinacea

Victoria Blue - Large, intense, mid-blue spikes borne on compact, 16-18" plants that spread to 14" across. The best for color intensity and duration of blooms. Good for cutting. Blooms into the fall. Excellent landscape plant. Fleuroselect Award Winner.

Salvia splendens

Vista - The brightest salvias on the market. Heat tolerant, early flowering with good outdoor performance. Excellent branching. 4-6" in packs; 13-12" in garden.

- **Purple**
- **Red**

SALVIA VISTA RED

SNAPDRAGON ROCKET
MIX

Snapdragons

Rocket Mix - The finest hybrids for garden use and hot weather tolerance. They grow 30-36" tall and produce long spikes with many closely spaced florets. Good for garden or cutting.

Snapshot - Great pack performance and earliness are keynotes of this series, combined with strong garden performance. Uniform flowering. Height 6-10".

- **Mix** - Purple, Red, Rose, White and Yellow

Sunpatiens

Impatiens that look like New Guineas for full sun and full summer heat. Tried and proven in Dallas Arboretum and found in full bloom in 105°F heat. Vigorous, fast growing, and free flowering. These plants are especially suited for large containers and big landscape beds. It is also recommended to acclimate them to full sun prior to planting out or some burning of flowers may develop. Propagation prohibited.

Compact Group - Don't be fooled by the word "compact", as these are still vigorous and fast-growing as compared to typical New Guineas. They are about 2 weeks later than the Spreading group to reach full size of 24" height x 24" spread in the garden.

- **Pink Candy**

SNAPDRAGON SNAPSHOT

SUNPATIEN COMPACT
PINK CANDY

Torenia

Forms a huge, densely branched plant, gracefully cascading from hanging baskets. Shiny leaves dotted with "wishbone" flowers make a delightful and unique addition to spring finished programs in 4" or larger pots. Heat tolerant as long as it's kept well watered; also hardy to 28°F. Propagation prohibited.

Moon - semi-trailing habit. Requires partial shade.

- **Blue** - violet-blue
- **Magenta** - magenta & gold bicolor

TORENTIA MOON BLUE

TORENTIA MOON MAGENTA

VERBENA OBSESSION PINK

Verbena

Obsession - Plants are more compact and have a branching habit. Does well in packs or in the garden. Spreading habit. Very mildew tolerant.

- **Pink** - solid candy pink blooms.
- **Red with Eye** - bright red with large white eye.

Very popular, heat tolerant plants produce vivid blooms. Good in baskets, pots, tubs, and landscapes. Avoid wet foliage to help prevent powdery mildew. Propagation prohibited.

Vanessa Compact - A sub-series of Vanessa that has a more mounded, naturally controlled habit while exhibiting the same powdery mildew resistance and heat/cold tolerance as its larger counterpart. Better suited to quarts or combos. Propagation prohibited.

- **Bicolor Purple**
- **Bicolor Rose**
- **Deep Pink**
- **Neon Pink**
- **Red**
- **Violet**
- **White**

Voodoo Red Star - Red with vivid peachy-white star. (Formerly Estrella). Broadleaf verbena, selected especially for its improved mildew resistance. Compact, mounding habit, large flower cluster. Early to bloom.

ZINNIA PROFUSION MIX

Penny - Early flowering, 6" violas display 1" blooms. Uniform in both habit and flowering, with excellent cool weather tolerance. Also displaying more plant body, this series should fill packs and pots better.

- **Blue** - mid-blue
- **Peach Jump Up**
- **Rose Blotch**
- **White Jump Up** - white w/purple cap.
- **Yellow Jump Up** - yellow w/purple cap.
- **Lane Mix** - formula mix of all colors except Jump Ups.

Sorbet XP Delft Blue - All new breeding to achieve a tight bloom window, better plant structure, less stretch, and more flowers per plant.

Zinnia

Profusion - Early, continuous blooming, 12-18" plants perform well under both warm and cool conditions with high humidity. Excellent tolerance to disease including Powdery Mildew and Bacterial Leaf Spot. Single blooms. Heat and drought tolerant; full sun.

- **Cherry** - AAS Winner
- **NEW Red Yellow Bicolor** - National AAS Gold Medal Winner, Judges comments: "Wow, Wow, Wow!" This gorgeous zinnia starts the season with a bold vibrant red center ring surrounded by golden yellow outer petals, and ages into soft, beautiful shades of apricot, salmon and dusty rose. "Just so cute!"
- **White** - AAS Winner

The image features several green leaves with serrated edges and prominent veins, set against a plain white background. The leaves are positioned around the central text, with some overlapping it. The word "ACCENTS" is written in a bold, white, sans-serif font with a thick black outline, slanted upwards from left to right.

ACCENTS

HEDERA GLACIER

DRACAENA INDIVISA

Dracaena

Indivisa "Spikes" - Attractive plant with erect habit and sword shaped, smooth leaves. Grows up to 2 ft tall in the garden.

Hedera

Often called English Ivy. This hardy accent plant makes a great addition to mixed planters or baskets. Can also be grown as a foliage basket for winter indoor use. Low light is OK; feed lightly.

Glacier - gray-green with white variegation.

HYPOESTES SPLASH
SELECT ROSE

HYPOESTES SPLASH
SELECT MIX

Hypoestes

"Polka Dot Plant"

Splash Select - Big uniform dots of color mark the eye-catching foliage of these dwarf, 8-10" hypoestes. No growth regulator is needed to maintain their habit; pinching promotes a bushier plant.

- **Rose**
- **Mix**

Ipomea

"Sweet Potato Vine"

Lovely vining accent plants make incredible fillers in planters, window boxes, and hanging baskets. Full sun to light shade. Likes high temperatures.

Blackie - deeply serrated leaves are dark burgundy-black.

Marguerite - lime-green, heart-shaped leaves.

IPOMEA BLACKIE

IPOMEA MARGUERITE

LAMIAM BEACON SILVER

Lamium

Vigorous accent plant can be used to fill in mixed containers, baskets, or window boxes. Good as a ground cover, too. Likes bright light and partial shade. Good in 4-10" pots. Hardy perennial - Zones 3-8.

Beacon Silver - pink flowers. Height 6-12".

VINCA MACULATA

PENNISETUM RUBRUM

Pennisetum

rubrum - *"Purple Fountain Grass"* Deep red foliage is topped by dramatic purple-red plumes. Flowers displayed all summer long. Beautiful in the landscape or mixed containers. Needs intense sunlight and full maturity to display full color. Height 3-4 ft.

Vinca

One of the most popular accent plants. Use it in almost any combination where a graceful, trailing accent is desired. It is also surprisingly cold hardy.

major Maculata - an attractive accent plant similar to Vinca Vine, with a dark green leaf and yellow central veining. Does best with some shade.

major Variegated - ever popular variegated vine. Does best with some shade.

major Wojo's Jem - Striking bright green with bold cream variegation. More compact growth. Some vines may revert to pure green--just remove them if desired. Propagation prohibited.

VINCA VARIEGATED

VINCA WOJO'S JEM

HERBS

Basil

Everleaf Genovese (*Ocimum basilicum*) - High-yielding and slow-bolting with very compact internodes. Downy mildew and fusarium resistant. Classic Genovese aroma. Height 8-12". Annual.

Chives

Onion (*Allium schoenoprasum*) - Like a grass onion, this herb is excellent for seasoning--especially good with potatoes and eggs. Height 12-18".

Cilantro

Cruiser (*Coriandrum sativum*) - A versatile herb popular in Mexican and Asian cooking. Both the seeds and the leaves can be used. Seeds, known as Coriander, have a slight lemony flavour, often ground and used as a spice. The leaves, known as Cilantro, have a pungent citrusy flavor. A must in salsa! Cruiser has been chosen because of its strong tolerance to bolting and high yield. Height 18". Annual.

Dill

Diana (*Anethum graveolens*) - An heirloom dill with feathery blue-green leaves and a fine aromatic scent that is delicious in green salads, eggs, potatoes or rice. Seeds are used in pickling. Blossoms bring butterflies to the garden. Good variety as it is slow bolting. Height 30". Annual.

Lavender

Renowned for its exquisitely scented oils used in aromatherapy and high quality perfumes.

Munstead (*L. angustifolia*) - Purple-blue flowers on fairly short spikes; blooms in summer. Flowers are fragrant; plant is compact, bushy and mounded. Excellent for hedges. Height 18".

Mint

Apple (*Mentha suaveolens*) - Round, large hairy leaves. Aromatic herb with fruity, spearmint flavor. Height 36-40".

Peppermint Upright (*Mentha piperita*) - Known as "Candy-mint", this peppermint is more productive since it grows upright, instead of forming runners. Leaves are strongly flavored, traditionally used for peppermint tea. Height 24".

Spearmint Kentucky Colonel (*Mentha spicata*) - An especially tasty spearmint used for juleps and mojitos. A large leaf on a robust plant, easy to grow. Spreads easily in the garden, bears lilac blooms. Height 12-18".

Oregano

Hot 'n Spicy (*Origanum vulgare*) - One of the tastiest oreganos ever! Very aromatic. Height 24". Tender perennial.

Italian (*Origanum x majoricum*) - A cross between sweet marjoram and the more piquant wild marjoram, Italian oregano yields a milder flavor than Greek oregano. Probably the most popular culinary oregano. Use the leaves fresh or dry. Height 18-24".

SAGE BERGGARTEN

ROSEMARY BARBECUE

Rosemary

Barbecue (*Rosmarinus officinalis*) - Pungent variety. Stems can be used as barbecue skewers. Can grow 4-6 ft tall in temperate climates. Tender perennial. Propagation prohibited.

Sage

Berggarten (*Salvia officinalis*) - This ultra hardy garden sage is the key ingredient of poultry seasoning and turkey stuffing. Its uniquely flavored leaves make it a savory delight. Beautiful in the perennial garden too as it boasts tall, large deep purple flowers in early summer. Height 36".

SAVORY SUMMER

Savory

Summer (*Satureja hortensis*) - A maritime favorite! With slender, pale green, delicate leaves Summer Savory is a culinary must. Its peppery flavor can be added to poultry, meat dishes and stuffing. Summer Savory is also a fast growing companion plant to onions and beans. Height 18". Annual.

Thyme

faustinoi French (*Thymus vulgaris*) - This "Summer Thyme" is one of the most flavorful of all the thyme varieties. It is noticeably sweeter and spicier than English types and is the preferred variety used in authentic French cuisine. Used in all types of cooking and grows well in pots or in the garden. Needs some winter protection. Height 12".

THYME FRENCH

Lemon (*Thymus x citriodorus*) - Features tiny, lemon-scented and flavored leaves. This favorite of all thymes can be used in any recipe that calls for lemon. easy to grow herb with a small upright bushy habit. Height 12".

Verbena

Lemon (*Aloysia triphylla*) - This plant is a "must"! The most lemon scented and flavored of all the herbs. As a culinary delight, lemon verbena makes one of the best teas, especially when blended with mint. Use to brighten the taste of fish, poultry and veggie marinades. One whiff and you won't want to live without! Height 24-36".

THYME LEMON

VERBENA LEMON
